○ This Course: Social Studies for 4th Graders

is about The Commonwealth of Kentucky – its history, geography, economy, government, and culture – and the regions of the United States.

○ Course Questions:

- I. 1. How did Ky get to be the way it is today?
- II. 2. What impact did geography play in the development of Ky and the regions of the United States?
- III. 3. Why do I live in Ky and how did my family come to live here?
- IV. 4. What are the basic purposes of government and how are they demonstrated in Kentucky's state and local governments?
- V. 5. As a citizen living in Ky, how do my state and local governments affect me and my rights and responsibilities as a citizen?
- VI. 6. How do my economic decisions affect my life?
- VII. 7. How do my economic issues affect Ky and the regions of the United States?
- VIII. 8. How do various social institutions (family, religion, education, government, economy) meet my needs and the needs of other Kentuckians?
- IX. 9. Why is the culture of Kentucky so diverse and how?
- X. 10. What are the cultural characteristics of other regions in the United States?
